

On April 11, 2006, Justin Brown chose to end his life at the tender age of 14. In April of 2007, the Justin Brown Memorial Foundation was founded to promote the awareness and prevention of teenage suicide.

DID YOU KNOW?

Suicide is the third leading cause of death of persons ages 10-24

Within a typical high school classroom, nearly one in 10 made a suicide attempt in the past year

For every successful suicide, there are eight to 25 attempts

80 % of teens who attempted suicide gave clear warnings

Learn the Signs.
Take them Seriously.
